Rose Tree Garden Plot Waiting List Application

Welcome, prospective gardener!

Rose Tree Community Garden plots are leased seasonally from April to November for \$50.

Gardeners in good standing may renew their plots each year during the month of February. We then begin offering open plots to the waiting list in first-come, first-serve order. A few plots may also become available after the season begins if gardeners give them up for any reason. The list carries over from year to year if necessary.

Gardeners must be Delaware County residents and adhere to our Garden Guidelines.

Please provide the following information, sign, and return to the Parks & Recreation Office.
